ON-COURSE RULES (BUNKERS AND THE PUTTING GREEN)
- Players may lift, smooth (lie), clean (ball), and replace in the bunker. No bunker rakes available.
- The flagstick must remain in the hole. The flagstick may only be adjusted if sitting incorrectly.
  o Pool noodles will be placed in the hole and around the flagstick to keep the ball from falling to the bottom. Players may adjust the noodle if the noodle may impede the path of the ball or has come out of/come to rest above the hole. A ball is holed under this practice when a ball is at rest in the hole after a stroke and ANY PART of ball is below the surface of the putting green. If a ball bounces out of the hole and comes to rest outside of the hole, the ball is not considered holed.
